

How Can You Help Make Tomorrow's Vision Come True Today?

Lights, new fields, a centralized entrance,
a concession stand with restrooms
are all elements of Tomorrow's Vision.

The Plains Community Sports
Complex (PCSC) is a
Community funded effort.

No school funds will be used to
complete this project and
your support is necessary.

Completed in three phases over
the course of five years, this
project will benefit students well
into the future.

Won't you please help support
this effort?
